PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in Java Full Stack development, including Core Java, OOP, Collections, Spring Boot, REST APIs, JDBC, SQL, MongoDB, React.js, Git, and Postman. Experienced in building full-stack applications with authentication, API integration, database operations, search and filtering, and frontend-backend integration. Solved 450+ Data Structures and Algorithms problems using Java and C++ and hold ServiceNow CSA and CAD certifications.

EDUCATION

Sri Vasavi Engineering College	2023 – 2026
<i>B.Tech in Computer Science and Technology</i>	CGPA: 8.7
Swarnandhra College of Engineering & Technology	2020 – 2023
<i>Diploma in Computer Engineering</i>	Percentage: 80.09%
Bhashyam High School	2020
<i>SSC (Class 10)</i>	Percentage: 99.05%

TECHNICAL SKILLS

Languages: Java, C++, Python, JavaScript, TypeScript, SQL

Java: Core Java, OOP, Collections, Exception Handling, Problem Solving

Backend: Spring Boot, REST APIs, JDBC, Microservices, Node.js, Express.js

Frontend: HTML, CSS, JavaScript, React.js, Next.js

Databases: MySQL, MongoDB

Full Stack: Java Full Stack, MERN Stack, Web Application Development, REST API Development

Tools: Git, GitHub, Postman, Docker, VS Code, Eclipse, IntelliJ IDEA

ServiceNow: ITSM, System Administration, Flow Designer, Business Rules, Client Scripts, UI Policies, ACL, ATF, Reports

Fundamentals: Data Structures & Algorithms, OOP, Problem Solving, Competitive Programming

INTERNSHIPS

APSCHE	Jan. 2026 – Apr. 2026
<i>Full Stack Development (MERN) Intern</i>	
- Contributed to full-stack web application development using MongoDB, Express.js, React.js, and Node.js, focusing on frontend-backend integration. - Built REST API integrations for authentication and application operations, connecting React.js frontend components with Node.js and Express.js services. - Worked with MongoDB database operations and application workflows as part of the internship development tasks.	
LearnSquare Technologies Pvt. Ltd.	Jun. 2025 – Jul. 2025
<i>Java Full Stack Intern</i>	
- Contributed to Interview Insights, a Java full-stack application focused on interview experience sharing and frontend-backend integration. - Implemented application functionality involving secure authentication, interview search and filtering, and user-generated content management. - Collaborated on assigned development tasks across application modules, strengthening practical experience in full-stack development and debugging.	

PROJECTS

Interview Insights Portal | *Java Full Stack*

- Engineered a Java full-stack platform for publishing and accessing interview experiences with secure user authentication and content management.
- Implemented search and filtering workflows to organize interview experiences and simplify retrieval based on user requirements.
- Configured administrative moderation functionality for managing user-generated content and maintaining application reliability.

Leave Management System | *ServiceNow, Flow Designer, Business Rules, UI Policies*

- Configured a ServiceNow-based leave management application to handle employee leave requests, approvals, and workflow status tracking.
- Automated the request-to-approval process using Flow Designer and Business Rules, coordinating approval actions and workflow transitions.
- Applied UI Policies and ACL configuration to control form behavior, enforce access requirements, and support secure leave request processing.

BridgeMentor | *Python, Machine Learning*

- Built a Python-based AI career guidance platform using machine learning models to recommend careers and courses from user profile information.
- Engineered personalized recommendations covering skills, learning paths, and job-readiness areas.
- Added an interview preparation module with curated questions, progress tracking, and performance analytics.

CERTIFICATIONS

ServiceNow Certified System Administrator (CSA)	Jan. 2026
ServiceNow Certified Application Developer (CAD)	Jan. 2026
SAP Certified Associate – ABAP Cloud	2026
ServiceNow University Virtual Internship – SmartBridge, AICTE	Apr. 2026
Java Full Stack Internship Certificate – LearnSquare Technologies	Jun. – Jul. 2025
NPTEL: Data Analytics with Python	Jan. – Apr. 2025

ACHIEVEMENTS

- Solved **450+ Data Structures and Algorithms problems** on LeetCode and GeeksforGeeks using Java and C++.
- Presented AI-based and automation solutions at inter-college hackathons.
- Led a college academic project by coordinating development tasks and frontend–backend integration to complete the project on schedule.
